Another Hold-Up.

Sheriff Scott White telegraphed from Benson last night that another stage robbery had occurred between Solomenville and Bowie, and for Charley Bradley to meet him at Benson this morning. The particulars are meager.

It seems that as the stage was passing through the arroyo seco known as Big Hollow, a masked man with a six-shooter in each hand jumped from behind a group of mesquites and ordered the driver to stop, which order was complied with at once. The robber secured the mail pouches, and then told the driver to go on.

The stage driver and the passengers say that the robber must have been on foot, as no horse was to be seen about the arroyo at the time of the hold-up.

It is not known positively how much the bandit got, but the opinion is that he made quite a haul.

It was at the same point that the same stage was robbed by Webb and Felschaw, the two men who were recently convicted at Florence.

Richard H. Coe of Boston has discovered a plan for manufacturing fuel out of a combination of asphaltum and peat. T. E. Peckey of Stanton reports that a man named Scott has recently made a very rich strike at the mouth of Fool's gulch, between Yarnell and Congress mines. The owner will commence developing it at once.—Journal Miner.

Weak Women

After 15 Years. "For 15 years my mother has been troubled with milk leg. She went to different parts of California, as persons said the climate might help her, but it was of no avail, and I, being a druggist, thought I would get her to try Hood's Sarsaparilla. Before she had taken half a bottle she said she was improving, so she continued until she took half a dozen bottles, and now she is perfectly well. For nearly fifteen years she was unable to walk around, but now she can walk as well as ever." T. F. BLANK, San Francisco, with G. E. Richards & Co., Wholesale Druggists.

Like a New Creature.

"I have been for years trying to get help for this terrible general debility and weakness so common to women. Within a year I have taken ten or twelve bottles of Hood's Sarsaparilla, and I am now feeling like a new creature." Mrs. F. B. BOM, Martin, Texas.

Fred Henry's Fight.

The Prescott Courier publishes six columns of a most interesting account of a fight with Indians in the Black canyon in 1861 between a band of hostile Apaches and several white men, in which all of the latter were wounded and maimed for life.

The manuscript giving the account of the fight was found in an old tin box in Prescott, and published without the knowledge that any of the brave men who stood the Indians off were still in the land of the living. The story as found was written by one of the party who survived, and the name signed to it was Fred Henry. The Courier readers will probably be surprised to hear that Fred Henry is a resident of Bisbee, where he is employed by the Copper Queen Mining company.

He has often related to his friends an account of that terrible fight. He is well along in the sixties, and well preserved and good for many more years of usefulness.

Poor Renouf.

The death of Walter Renouf at Congress was the theme for a half column article in the Prescott Journal-Miner in which some writer, probably Reppy who was well acquainted with him, detailed his life in southern Arizona. The article wound up with this paragraph:

He was a capable business man, a good accountant, and an honorable man in all his dealings with his fellow men. Let the curtain of charity cover his faults. The secrets of his heart are buried with him in the grave. His downfall will, no doubt, be ascribed by the world to drink. But no one knows what may have been hidden from the world in the inner recesses of his heart. Who knows but what drink may have been resorted to by him as a remedy from hidden sorrow. How many, many times would the judgment of the world prove to be harsh, unjust, and unkind in such cases, were the hidden sorrows and mental sufferings of the victims of them known.

Any one who has children will rejoice with L. B. Mulford, of Plainfield N. J. His little boy, five years of age was sick with croup. For two days and nights he tried various remedies recommended by friends and neighbors. He says: "I thought sure I would lose him. I had seen Chamberlain Cough Remedy advertised, and thought I would try it as a last hope and am happy to say that after two doses he slept until morning. I gave it to him the next day and a cure was effected. I keep this remedy in the house now and as soon as any of my children show signs of croup I give it to them and that is the last of it." For sale at Tombstone Drug Store. D.
